EARLY CHILDHOOD PROFESSIONAL LEARNING SERIES

Do you enjoy working with children? Are you hoping to pursue a career in early childhood care and education – childcare, preschool, early elementary education? Are you a Dawson County high schooler?

The Early Childhood Professional Learning Series has been created to offer the basic and beginning classes to Dawson County high schoolers to build early child care professionals. The Early Childhood Professional Learning Series will include a variety of current early childhood professionals as guest speakers, will discuss higher education opportunities, and has the potential to provide different college funding options to those partaking in the series. This can also be a great base for those interested in pursuing a degree in Early Childhood Education. Courses will be offered **via an online platform** until COVID-19 precautions are lifted. Face-to-face courses will take place at locations in Lexington, Nebraska.

Introduction and Orientation to the Professional Learning Series

May 26 6:30-8:30 pm

May 28 10:30 am–12:00 pm
